Rision Appoints Alan Hoffman as Non-Executive Chairman to drive company growth

Rision Limited (ASX:RNL) ("Rision" or "the Company"): The Company is pleased to advise the market that with immediate effect, Mr. Alan Hoffman will be joining the Rision Board as Non-Executive Chairman replacing the outgoing Chairman Mr. Adam Sierakowski.

Founder and Non-Executive Director Mr. Robert Day commented "Mr. Hoffman is widely acknowledged within the market for his business acumen and the ability to deliver on business objectives. Importantly, Mr. Hoffman brings a deep understanding of commercialisation within the technology sector and the ability to drive revenues into a business. On behalf of the board we welcome Mr. Hoffman to the Company as Non-Executive Chairman."

Mr. Hoffman is the current Chairman of Optiscan Imaging Ltd (ASX Code: OIL) and has more than 20 years' experience in executive management roles in organisations such as Shell Australia, the Wesfarmers Group and the Coventry Group.

Mr. Day continued "the board acknowledges the efforts of outgoing Chairman Mr. Adam Sierakowski. Mr. Sierakowski played an integral role in the management, internal audit and market positioning of the Company during and post the Board spill late last year. On behalf of the Board we thank Mr. Sierakowski for his efforts."

Mr. Hoffman commented "Rision has gone through significant change over the last six months and is now well positioned to take advantage of domestic and international opportunities. From a technology perspective, there is a clear and well defined opportunity that over time can be explored across multiple sectors. I look forward to working with the entire team at Rision and to the exciting times ahead."

Mr. Day concluded "the appointment of Mr. Hoffman as Non-Executive Chairman is part of the Board's strategy to pivot the business back to the original vision of the Company. The Board is acutely aware of the poor shareholder experience since listing and we take this opportunity to apologise to all Rision shareholders. The removal of the previous executive team and Board last year was an acknowledgement of poor performance and that the business was moving in a direction contrary to what was presented to the market. The Board is now confident that with our new team, we can deliver on Rision's promise and over time, reward our shareholders."
